## MARYLAND SECRETARY OF THE ENVIRONMENT VISITS LAUREL!

The City of Laurel was recently graced with a visit from Maryland Secretary of the Environment, Serena McIlwain, and her team after a year's worth of conversations with Sustainable Manager, Michele Blair!

On November 21, 2024, elected officials and City staff gathered inside the Laurel Municipal Center in anticipation of the Secretary's arrival, which just happened to coincide with the City of Laurel receiving a Silver-level designation from Sustainable Maryland at the MML Fall Conference earlier this month.

Secretary McIlwain entered the Chambers with a radiant smile, greeted by a gathering of City Officials, employees, and committee members, along with pictorial storyboards that illustrated Laurel's sustainable journey over the years.

Mayor Keith R. Sydnor and City Administrator Christian Pulley welcomed Secretary McIlwain and once seated, Sustainable Manager Michele Blair expressed gratitude to Secretary McIlwain for visiting Laurel to witness the innovative ideas being implemented to maintain Laurel's green and sustainable future.

She then introduced Mayor Sydnor, who thanked the Secretary for acknowledging

Laurel's commitment to the environment. Mayor Sydnor stated, "As Mayor, I can now empower City staff to enact legislation, create community outreach programs, and excel at leading us into the next phase of our evolving, sustainable community."

Following Mayor Sydnor's remarks, he invited Secretary McIlwain to the podium. She noted that Laurel is often mentioned in her discussions about the environment, highlighting the City's leadership. She remarked, "When cities like yours step up and start thinking creatively and innovatively, using your ingenuity to find ways to make it happen...you all are setting the example for Maryland."

After her supportive comments, Ms. Blair and Mayor Sydnor took Secretary McIlwain on a pictorial journey around the chambers to showcase Laurel's sustainable achievements and future initiatives.

The highlight of the morning? Parks and Recreation Director Bill Bailey demonstrated Laurel's electric lawn maintenance equipment. Secretary McIlwain was so impressed by the use of electric power that she hopped onto the electric riding mower and took it for a spin!

A heartfelt thank you to Secretary McIlwain for her encouraging words, and we look forward to a strong partnership with Maryland to ensure a healthy environment!

### Newly Approved Property Tax Credit!

Recently the City of Laurel City Council passed legislation aimed at improving community support and governance.

A newly approved Property Tax Credit for Prince George's County School Employees will provide financial relief to educators and school staff residing within the City limits. This initiative underscores the City's commitment to supporting those who play a critical role in shaping the future of local students.

Additionally, the Council has completed a rewrite of the Council Standing Rules. The updated rules aim to enhance efficiency, transparency, and collaboration in legislative processes, ensuring smoother governance and better communication with residents.

These initiatives reflect the Council's ongoing efforts to address community needs and strengthen Laurel's civic framework.
